

May 9th was the day with the highest toll collection since the launch of the system

Bratislava, 14 June 2012 – **The complex service of electronic toll collection earned over 13.91 million Euros for the National Motorway in May 2012. It is by 147.10 thousand Euros more than for the same month of the previous year and by 1.49 million Euros more compared to April of this year. On 9 May 2012 the toll collection reached almost 699 thousand Euros, which was the maximum daily collection since the commissioning of the electronic toll system.**

For the use of specified road sections of motorways and expressways the toll collection reached the sum of almost 9.14 million Euros in May. For the specified sections of 1st class roads it was 4.75 million Euros for the same period. Under the transit ticketing the sum of almost 329.5 thousand Euros was collected in May 2012. Of the total amount collected, over 42 % was paid by foreign vehicle operators. The day of the month with the highest toll collection was May 9th, when the earned amount reached 698,771 Euros. It was by 9.9 thousand Euros more than the previous daily maximum of 30 August 2011. In May the specified road sections were daily used by 29,643 vehicles over 3.5 tons on average.

As at 31 May 2012 there were 205,595 active OBUs registered in the electronic toll system. Compared to the previous month their number increased by 2,129 units. Over 68.6 % of active OBUs were used by foreign vehicles in May.

In May the mobile enforcement units checked 202 thousand vehicles on the specified road sections. The toll police patrols handled 646 cases of violation of the Act on Electronic Toll Collection. They collected tolls from drivers in the amount of 19,380 Euros.

In May 2012 SkyToll recorded the total of 267 filings by customers concerning the electronic toll collection operation. Of this number 29 filings were evaluated as justified. In the same month of the last year there were 21 justified filings. Of the justified filings for the month, 13 were claims, 14 requests and 2 suggestions. All claims were handled within the deadline set out in the contract with the National Motorway Company, which is 5 working days.

Operators of the customer service line of the electronic toll system received almost 4.7 thousand calls in May while the toll web portal recorded 53.9 thousand visits for the same period.
